Hope on Haven Hill Announces Monica Lord as New Medical Director

ROCHESTER, NH – Hope on Haven Hill is pleased to announce the appointment of Monica Lord, MSN, MBA, APRN, FNP-C as its new Medical Director. Monica, who joined the organization in 2023 as a Family Nurse Practitioner, brings a wealth of experience in clinical care, healthcare administration, and a deep commitment to supporting women and families in recovery.

Monica earned her Master of Science in Nursing – Family Nurse Practitioner from Sacred Heart University in 2016 and an MBA from the University of Hartford in 2003. She has been recognized for her excellence in nursing with the Nightingale Award for Excellence in Nursing Scholarship and was a recipient of the HRSA Advanced Education Nursing Traineeship Grant. Her expertise spans both the pediatric population and adults facing substance use disorders, making her a strong advocate for holistic, comprehensive care.

As Medical Director, Monica will oversee medical operations and on-site care for the women and children served by Hope on Haven Hill. She will also play a vital role in strengthening community partnerships and supporting the organization's expansion efforts to enhance access to care for pregnant and parenting women in recovery.

"We are thrilled to have Monica step into this leadership role," said Kerry Norton, Executive Director of Hope on Haven Hill. "Her clinical expertise, leadership skills, and passion for our mission will be instrumental in advancing our work and ensuring the best possible care for the families we serve."

Monica's unique background in both healthcare and business gives her a well-rounded perspective on addressing the challenges in healthcare delivery. She is honored to continue working alongside the dedicated team at Hope on Haven Hill, supporting pregnant and parenting women on their journey toward recovery and wellness.
